- 25X1X7 3. [REDACTED] Economic Defense Information
(EDIC Case 12)

Discussion:

25X1X7 The data summarized in EDIC Control 6049 of 1 November 1955 have been cleared for discussion with [REDACTED] and 25X1X7
are being transmitted to [REDACTED] Since the various 25X1X7
agencies have agreed that a [REDACTED] information with 25X1X7
25X1X7 [REDACTED] is not practicable at the present time, the MDAC member suggested that the EDIC case be closed.

Action:

It was agreed that Case 12 is closed.

4. Revision of Instructions for Reporting on Economic Relations with the Sino-Soviet Bloc (EDIC Case 14)

Discussion:

25X1A9a [REDACTED] Chairman of the EDIC Working Group on Collection Requirements, reported that a draft of the new Reporting Instructions is expected to be ready for distribution to EDIC members by 18 November. The Chairman of the Executive Committee of EDAC has requested that the paper, as accepted by EDIC, be sent to the Executive Committee for review and comment.

Action:

It was agreed that the EDIC draft would be sent to the Executive Committee of EDAC for review and comment.

5. Diversion of Strategic Material from South to North Korea (EDIC/IR-12)

Discussion:

The OSD member stated that information in response to this request is being made available to the requester (Commerce), but that security clearance has not been obtained for a formal report to all EDIC agencies.

EDIC/M-13

Action:

It was agreed in view of the above, that the Case would be closed.

6. Soviet Bloc Position and Use of Perchloric Acid and Perchlorates of Sodium, Potassium and Ammonia (EDIC/IR-17)

Discussion:

25X1A9a [REDACTED] CIA, suggested that a working group on Propellants be established to undertake a general study of propellants and fuel additives including such commodities as those listed in IR-17, together with colloxylin and magnesium.

Action:

It was agreed to establish an EDIC Working Group on Propellants and Fuel Additives, replacing the Working Group on Magnesium. Representatives previously appointed to the Working Group on Magnesium will constitute the new Working Group.

It was further agreed that EDIC/IR-17 would be referred to the Working Group on Propellants and Fuel Additives.

7. Soviet Attempts to Procure Colloxylin (EDIC/IR-18)

Action:

It was agreed that EDIC/IR-18 would be referred to the Working Group on Propellants and Fuel Additives.

8. Intelligence Relating to the Use of Boron Substances as Fuels (EDIC/ID-15, Revised)

Discussion:

25X1A9a

At the suggestion of the OSD member, [REDACTED] reported on the discussion by the Military Information Control Committee (MICC) on 9 November of the release to COCOM of EDIC/ID-15, Revised. Action was postponed by MICC pending clearance of the paper by AFOIN and G-2.

25X1A9a The OSD member stated that MICC members are showing increased awareness and understanding of the problems involved in preparation of materials for use in international negotiations. He suggested starting clearance actions earlier and paying greater attention to security aspects in the initial preparation of papers intended for such use. [REDACTED] suggested that advance briefing of MICC members might expedite clearances.
